Bridget,

I provided all the emails that I had between myself and EPA from July 1, 2019 to the present at the time you sent the CORA request. I do not keep all of the emails that I receive or send during the course of my work, nor am I required to do so under City rules. Being in a position where I receive, on typical day, 50 or more emails daily, I delete emails that I do not think will be needed in the future, and I rarely keep emails that are more than a few months old.

Dear Andrew,
We have the emails from EPA that include DEH.
Did you forget some?
The cross reference does not seem to check out.
Cheers,
Bridget

Dear Andrew:

Under the Colorado Open Records Law § 24-72-201 et seq., I am requesting an opportunity to inspect or obtain electronic copies of public records that include all emails between yourself and the Environmental Protection Agency (EPA) employees Jesse Aviles, Jennifer Chergo and Steve Whartron, having to do with the VB/ I-70 Superfund Site and the VB/I-70 Community Advisory Group, from July 1, 2019 to the present.

If there are any fees for searching or copying these records, please inform me if the cost will exceed \$50. However, I would also like to request a waiver of all fees in that the disclosure of the requested information is in the public interest and will contribute significantly to the public's understanding of the inter-workings between DPHE and EPA. This information is not being sought for commercial purposes.

The statute requires a response to this request within three days following receipt of this letter. If access to the records I am requesting will take longer, please contact me with information about when I might expect copies or the ability to inspect the requested records.

If you deny any or all of this request, please cite each specific exemption you feel justifies the refusal to release the information and notify me of the appeal procedures available to me under the law.

Thank you for considering my request.

Sincerely,

Bridget Walsh
